Work Experience

Aide Ascent : Frontend Developer Intern

Jan 2025 - April

- Integrated APIs with strong validation and utilized custom React hooks for clean, reusable data-fetching logic.
- Developed SEO-friendly pages using Next.js (SSR and dynamic routing) to enhance visibility and performance.
- Built reusable components and implemented responsive design using Tailwind CSS to ensure consistent UI across devices.
- Handled complex forms with Joi validation and TypeScript for type-safe, user-friendly form interactions.
- Built reusable components and implemented responsive design using Tailwind CSS to ensure consistent UI across devices.
- Collaborated with and mentored interns/fellow developers, encouraging knowledge-sharing and continuous learning as a team.

Projects

NepMid : Social Media Web App

- Developed a dynamic social media platform using Next.js, Tailwind CSS, and Prisma, with core features like user auth (via Clerk), post creation, likes, and comments.
- Implemented clean UI with reusable components, ensured responsive design, and handled real-time interaction logic for smooth user experience.
